About the Irish Georgian Society

Our purpose is to encourage the appreciation and conservation of Ireland's architecture and decorative arts. We are a charitable organisation founded in 1958 with 2,800 members. Everyone is welcome to join and by joining you support our four programmes: Conservation Projects; Buildings at Risk; Scholarship & Publications; Education and Outreach.

This conservation course is an action of the latter programme. Members are encouraged to attend the Society's events such as lectures, seminars, conferences and tours in Ireland and abroad of architecturally significant buildings, many of which are often closed to the general public.

Conserving Your Dublin Townhouse

A 12-week lunchtime
conservation course presented by
the Irish Georgian Society
to be held from 1pm to 2pm on Tuesdays
in February, March & April 2010

The Irish Georgian Society has assembled a team of leading conservation experts to deliver a conservation course on the understanding and care of Dublin's historic houses. The course, for which a certificate of attendance will be issued, comprises 12 lunchtime lectures.

Aimed at those with an interest in Dublin's historic houses, the course will be relevant to owners of all periods and types of houses, from the modest Edwardian artisan dwellings to the substantial red bricks of the Victorian suburbs and the fine townhouses of our Georgian city squares. The course will provide an understanding and appreciation of the significance of every aspect of Dublin's historic houses and practical information on their care and conservation.

Lectures, which will start on Tuesday 2nd February 2010 (1pm - 2pm) and continue for 12 weeks, will take place in the Helen Roe Theatre, RSAI, 63 Merrion Square, Dublin 2.

It is possible to attend all, one or as many of the lectures as you wish. The lectures are priced at €10 (€5 for fulltime students with card), which you may pay at the door or book in advance for a special price of €100 (€50 for fulltime students with card) for all 12 lectures.

This is an action of the Irish Georgian Society's Conservation Outreach Programme and has been made possible through support from the Department of the Environment, Heritage and Local Government's Environment Fund.
