ABOUT THE IRISH GEORGIAN SOCIETY

Our purpose is to encourage the appreciation and conservation of Ireland's architecture and decorative arts. We are a charitable organisation, founded in 1958, with 2,800 members. Everyone is welcome to join and by doing so you support our four programmes: Conservation Projects; Buildings at Risk; Scholarship and Publications; and Education and Outreach. This conservation course is an action of the latter programme. Members are encouraged to attend the Society's events such as lectures, seminars, conferences and tours in Ireland and abroad of architecturally significant buildings which are generally not open to the public.

ABOUT DUBLIN CITY COUNCIL

The Dublin City Heritage Office is part funded by the Heritage Council and is concerned with refining an understanding and appreciation of the architectural heritage, archaeology and ecology of the city. The Conservation Office of the Planning and Economic Development Department administers the provision of professional advice to owners of protected structures on conservation issues.

CONSERVING YOUR DUBLIN PERIOD HOUSE

A six-week evening lecture series presented by the Irish Georgian Society and Dublin City Council to be held from 6pm to 9pm on Wednesdays from 26th October in the Helen Roe Theatre, 63 Merrion Square, Dublin 2.

The Irish Georgian Society and Dublin City Council has assembled a team of leading conservation experts to deliver a lecture series on the significance of Dublin's period houses and practical information on their care and conservation. The lectures will be of interest to owners and guardians of all periods and types of houses, from the modest Edwardian artisan dwellings to the substantial red bricks of the Victorian suburbs and the fine townhouses of our Georgian city squares.

Lectures, starting on the evening of Wednesday 26th October (6-9pm) and continuing for six consecutive weeks, will take place in the Helen Roe Theatre, RSAI, 63 Merrion Square, D 2.

It is possible to attend an individual evening session, which comprises two lectures (€25 or €15 for students), which you may pay for in advance or at the door on the evening, or book in advance for the whole course at a special discounted price of €130 (€70 for students). Price includes tea/coffee.

This is an action of Dublin City Council's Heritage and Conservation Offices and the Irish Georgian Society's Conservation Outreach Programme. The Conservation Outreach Programme is kindly supported by Merrion Property Group and the J Paul Getty Jnr Charitable Trust.

These lectures are approved for CPD by the Royal Institute of Architects of Ireland, Engineers Ireland and the CIF Heritage Contractors scheme.

The Society gratefully acknowledges the financial assistance received under the Built Heritage element of the Environment Fund by the Department of Arts, Heritage and the Gaeltacht for this lecture series.
