## About the Irish Georgian Society

Our purpose is to encourage the appreciation and conservation of Ireland's architecture and decorative arts. We are a charitable organisation founded in 1958 with 2,800 members. Membership is open to everyone and by joining you support our four programmes: Conservation Projects; Buildings at Risk; Scholarship & Publications; Education & Outreach.

This conservation course is an action of the latter programme. Members are able to attend the Society's special events such as lectures, seminars, conferences and tours of architecturally significant buildings in Ireland and abroad, many of which are often closed to the general public.

## Dún Laoghaire-Rathdown's Historic Houses: Appreciating & Caring for your Period House

A 6-week evening conservation course presented by the Irish Georgian Society in the Royal St. George Yacht Club from 7.00pm - 9.30pm on Tuesdays in September & October 2014.

Irish  
Georgian  
Society

The Irish Georgian Society has assembled a team of leading conservation experts to deliver a conservation course on the understanding and care of Dún Laoghaire-Rathdown's period and traditionally built houses. A certificate of attendance will be issued on completion of the 6-week course, which comprises 12 lectures & an optional architectural walking tour.

Aimed at the owners and guardians of the many period houses located in the county, the course will provide an understanding and appreciation of the significance of these houses and practical information on their care and conservation. Lectures are delivered by the leading authorities on the subject and will be followed by question and answers sessions. Homeowners are encouraged to bring photographs of their houses in order to attain more personal conservation advice.

Lectures, which will start on Tuesday 23 September from 7.00pm – 9.30pm, will be held in the Royal St. George Yacht Club, Dún Laoghaire Harbour.

Book in advance for the whole course at a special discounted price of €130 or attend an individual evening session for €25.

Price includes tea/coffee. Conservation publications relevant to the talks may be purchased on the evening.

Pre-booking is essential for the morning walking tour on Saturday 18 October (€10). Places are limited with priority for those attending full course.

This course is recognised for Continuing Professional Development by the RIAI, Engineers Ireland, CIF Register of Heritage Contractors & Irish Planning Institute. This course is supported by a grant from the Dún Laoghaire-Rathdown County Council Heritage Office.

# Appreciating & Caring for your Period House

## September 2014

### Evening 1 - Tuesday 23rd September:

**7.00pm** - Dún Laoghaire's Domestic Architecture: its history and significance by **Peter Pearson**, conservationist, artist & author of *Between the Mountains & the Sea: Dún Laoghaire-Rathdown County*.

**8.30pm** - *My House is a Protected Structure: what does this mean? Examining policy and legislation* by **Jacqui Donnelly**, Architect, Architectural Heritage Advisory Unit, DAHG.

### Evening 2 - Tuesday 30th September:

**7.00pm** - *Energy Efficiency in your Period Home; Why Old Shouldn't Mean Cold* by **Paul Arnold**, Grade I RIAI Conservation Architect, Principal, Paul Arnold Architects & author of DAHG Advice Series *Energy Efficiency in Traditional Buildings*.

**8.30pm** - 'A Stitch in Time Saves Nine': the importance of preventative maintenance by **Frank Keohane**, RICS building conservation accredited surveyor, Paul Arnold Architects.
